# About his quote

- *"Everyone has the power for greatness, not for fame but greatness, because greatness is determined by service" – Martin Luther King, Jr.*
- His quote is talking about a little thing hardly anyone does. It is called service. The quote says that we show our true greatness through service and not through fame and fortune.

# What the quote means to me!

- What the quote means to me is that no matter what you do or what happens in the doing of the act of service you will always show your greatness and that you don't show it through fame or fortune. It is where you are taking time for someone else so he or she can pay it forward.

# What does service mean to me

- Service is doing or helping someone that is in need or just needs help. It is to perform a duty or serve someone else not for yourself. What service means to me is that you help someone and you don't get anything in return. I take time from me to help someone that is in need that really needs it.

# What I have done in service

- I have done a ton of service. I have gone and pulled weeds from the onion patch for my church ward, it was a service project for Boy Scouts. I have gone to a persons house who can't clean or mow their lawn. I got some of my friends from my scout troop and went to the persons house to help clean her lawn. I also went to my great grandma's house and cleaned it up for her because she can't clean it anymore.
